Chapter News from Across Iowa

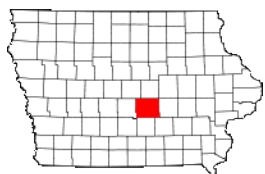

Iowa County Genealogy Society held its fourth annual "A Picnic In The Cemetery" in June. Participants took a sack lunch, lawn chairs and bug spray and met at 6:00 p.m. at Piersol Cemetery.

Featured speakers were Bonnie and Scott Romine and Dave Jackson. Scott is the cemetery sexton, Bonnie portrayed several of her ancestors, and Dave spoke about a man that had been murdered and is buried in Piersol.

"A Picnic in the Cemetery" has become the society's most popular program. Past years have included presentations on reading and caring for tombstones and understanding the meanings of the symbols on the stones. The last two years have included portrayals of people that are buried in the featured cemetery.

ICGS meets the second Thursday of each month at the genealogical library in North English. Everyone is welcome to attend. For more information, contact: Iowa County Genealogical Society, P.O. Box 207, 121 Main St., North English, IA 52316. Phone: 319-664-3194. Email: iacogen@netins.net . Website: <http://iagenweb.org/iowa/research/ICGS.htm> .

From the **Jasper County Genealogical Society**:
TO ALL IGS MEMBERS & INTERESTED FRIENDS:
The **Jasper County Genealogical Society** needs to buy a new microfilm reader/scanner/printer for our genealogical library.

We have more than 50 rolls of microfilm that we cannot view because our old microfilm reader is beyond repair. We have applied for a \$5000 grant from the Pepsi Co. to help us buy a new machine. Each month during 2010 Pepsi awards grants to various projects based on the number of votes received.

Voting begins on the first day of each month and continues through the last day of the month. In order for our society to win a grant, we need the help of our fellow genealogists and friends.

Here's how you can help:

Each day go to <http://refresheverything.com>, and click "Browse ideas and vote: on the right side of the screen. When the "Vote Now" screen comes up, type "JCGS" in the "find" window at the top right side of the page. When our project screen comes up, and before you vote, go to the blue bar at the lower left corner of the screen and click the "Sign In" button.

The first time you log on, you will be asked to select a password, enter your name and email address, prove that you are over age 18, and type two words that appear in a box. After that, just enter your email address and password, then type two words. Once you are signed in, click on the "vote for this project" button at the right side of our box, sign out, and you're done. You can cast one vote every day for the JCGS project.

Please vote for our project every day, and if you would be so kind to ask your friends and relatives to vote for us, we would certainly appreciate all your efforts.
